Just South of Phoenix, one of the largest Toxic Materials Landfills and Incinerators in the West is being built and will be in operation by October 1990. You have not been notified of the Danger you are in—UNTIL NOW!

The Concerned Citizens of Arizona has started an Initiative Petition to put this on the November Ballot. Your Signature on this Petition will let you and the other citizens of the state decide your Future. Its simple— to stop the Polluters, just sign the petition and Vote for a better Arizona.

We don't have much time. We have to have the Petitions turned in by July 5th. Sign now and Breathe Easier! For more information call:

(602) 833-4800 and ask for Mary
