Honkytonk Sue and her best friend, Donna Jean, are discussing the pros and cons of shooting predators from the air.

Sure, using a twelve-gauge on 'em from a helicopter is cruel, but what are the alternatives?

It's awful, Sue.

They prey on the weak and infirm.
They're skulky and devious.
And they've overrun the state.

But coyotes have a right to live too.

COYOTES!

I'm talking about lobbyists!

Oh, Okay. How about using cruise missiles? Or napalm?

This is Lobo One! Scratch three more ENSCO lobbyists!
